*So, why not take a few minutes to see what other homeschoolers are saying about Creation to Christ!*

"I am using *Creation to Christ* this year, and I want you to know that we LOVE it!!! I wish that I would have had the opportunity to use this all along. It is the perfect balance of literature, hands-on, and independent work for the student. This is the curriculum that I have been struggling to find, and even trying to work out myself - all rolled into one! I cannot thank you enough!"

"We are having a great year with *Creation to Christ*. I love how my daughter is making connections with history and Bible. *Creation to Christ* really gives her a wonderful mix of creative projects and strong academic content. There is enough variety to keep my daughter engaged with the material and yet enough consistency to really help her build independence. We really couldn't be happier."

"My older son has started telling me things like, 'I am so glad I am homeschooled', and 'I love my school...it is so much fun', and 'Mom, can we do *Creation to Christ* again next year?' It has been so amazing to me to see his growth and, for the first time since we started homeschooling, for him to tell me that he is loving school! He wakes up each morning and starts school on his own, before I am even up for breakfast. He just really loves Heart of Dakota."

"This week I asked my daughter how she was liking *Creation to Christ*. She replied 'I like it! I like how I'm reading my Bible more and how I see God in history and not just on Sunday.' It's so awesome to be learning about God and discussing the works of His hand together as a family."

"WOW! I cannot begin to explain how *Creation to Christ* has grown us spiritually. My daughter and I both began our year with History being our least favorite subject and now it is our favorite! I have homeschooled for 11 years, and I have never come across a curriculum that has blessed us so richly."

*Patti in Orangefield, Texas*

"We are using *Creation to Christ* and absolutely love it! I think this is our favorite guide so far. We are all learning so much Biblical history. I keep telling my husband that I want to take this course right along with my boys, because it is so great. I so wish I had been taught with a program like this when I was younger. I am really impressed!"

*Alison in Texas*

"We are really enjoying *Creation to Christ*. My children are loving the *Birds of the Air* book right now! They also thoroughly enjoyed the *Apologia* book as well."

They have loved the books from the extension package too. Every book has been excellent. It has been a very good year!"
